From the qualifying bids received, subscribing Public Housing Authorities and Indian Housing Agencies (PHA/IHAs) in the states of North Carolina and South Carolina may procure supplies and services necessary in the development, operation, and maintenance of low-income housing.

The CCHRCO CPC Committee produces bid solicitation packages, advertises in appropriate national and regional publications, sets bid openings and opens bids. Bid prices from all qualifying bids, as defined in the Rules of the CPC, are furnished to all subscribing CCHRCO members for voluntary use in procurement activities. Bid prices must be guaranteed for six months from bid date except appliances which must be guaranteed for 90 days. There is no guarantee to the bidders of any specific or minimum volume of business under the CPC Program. Ordering, billing, payment and administration relative to purchase orders issued by the PHA/IHA is handled through direct contact between the PHA/IHA and the suppliers without further CCHRCO involvement. Participation in the CPC Program is voluntary.

If you desire to bid, read the entire package and specifications carefully, complete and sign all documents as specified. Include all required bid submission items. Bids must be submitted on the Bid Summary Price Sheets provided in the package of bid documents. **Submission of bids on other than the required forms or altering of the Bid Summary Price Sheets may deem the bid non-responsive.**

The CPC Committee reserves the right to reject any and all bids and to waive informalities. The Committee further reserves the right to determine if bids meet the material terms and requirements of the specifications and to take action that the Committee determines is in the best interest of the CPC Program and its participating agencies.

Section 3 Requirements

All Section 3 covered contracts shall include the following clause (referred to as the Section 3 clause):

A. The work to be performed under this contract is subject to requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD's regulations in 24 CFR Part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each, and the name and location of the person(s) taking applications for each of the positions, and the anticipated date the work shall begin.

D. The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice of knowledge that the subcontractor has been found in violation of regulations in 24 CFR Part 135.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 135.

F. Noncompliance with HUD's regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of section 3 and section 7(b) agree to comply with section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).
